

POS sales invoice — end-to-end walkthrough

Autowagen Master · Prospect / brochure version · Figures **A ... L** = your real screen photos (PNG) — see dashed boxes.

Your screenshots are wired in. Figures **A–L** load from docs/manual_screenshots/marketing-pos-*.png. Open this page as `http://localhost/autowagen-master/docs/pos_invoice_marketing_walkthrough_print.html` (or double-click the file) so image paths work. Replace any PNG to refresh a figure.

Turn this page into PDF: Chrome or Edge → Ctrl + P → Destination **Save as PDF** · **Pages: All** · click blank area first so Chrome does not print “selection only”. More capture tips: docs/TRAINING_SCREENSHOTS.md.

Covered in order: start a draft sale · pick or create a buyer · attach spare parts · (SA compliance reminder when selling used/stripped goods) · lock the invoice · print handout for the customer.

Note: Your shop decides who may finalize prices and refunds; screens match the shipped product (Stage 5 POS on `invoice_edit.php`).

Story you tell in a demo (short script)

1. “Staff open **POS** → **New sale**; the system creates a private **draft** — nothing touches stock yet.”
2. “They tie the invoice to whoever is paying: existing customer from the list, or **New customer (quick)** in two fields, then returning to finish the basket.”
3. “Adding parts is easiest with **Select item...** search; power users can paste a numeric **Part ID**.”
4. “When paperwork for second-hand buyer rules is required, our yellow reminder points to Customers — uploads happen once per buyer, reused on later sales.”
5. “**Finalize** issues the numbered invoice and adjusts stock automatically; **Print** gives PDF or paper with your letterhead styling.”

Figures — what to screenshot (markers A through L)

Each block shows **callout A**-style lettering to draw on-screen overlays in PowerPoint/Inkscape if you like; the dashed box is sized for roughly one screenshot each.

A Start the sale — POS menu

Capture the top black navigation bar with **POS** open and **New sale** visible (or Dashboard card that leads to POS). Helps viewers recognise where daily trade begins.

Figure A — Navigation: POS → New sale

File: docs/manual_screenshots/marketing-pos-a-pos-new-sale.png

Tip: Include browser URL ending in `invoice_edit.php?id=` in a later shot so brochure readers trust it is live software.

B New draft invoice

Show the headline **Draft invoice #...**, breadcrumb/link **All invoices**, and empty or partial working area — establishes “sandbox before commitment”.

Figure B — Draft title + workspace

File: docs/manual_screenshots/marketing-pos-b-draft-header.png

The screenshot displays a web application interface for editing a draft invoice. The browser's address bar shows the URL `localhost/autowagen-master/invoice_edit.php?id=20`. The application header includes the 'AUTOWAGEN' logo, navigation links (Dashboard, EPC, Master data, Inventory, Reports, POS), and a user profile for 'hassan nizamie' with the role 'owner'. The main content area is titled 'Draft invoice #20' with a subtitle 'Draft - 2026-05-02'. Below this, a instruction reads 'Add lines, pick customer, then Finalize. Parts must be Available.' and a link for 'All invoices' is present. The 'Customer & dates' section contains a 'Customer' dropdown (set to '— select —'), an 'Invoice date' field (05/02/2026), and a 'Due date (on account)' field (mm/dd/yyyy). A note states: 'New customer (quick) — full record & SHGA scans: Master data → Customers. Finalize requires an account customer if this date is set.' A 'Notes' text area and a 'Save draft' button are also visible. On the right, a yellow 'SHGA' box contains a warning: 'If any line is stripped or not new condition, the customer must have ID doc + proof of address on file.' with an 'Open customers' link. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 6:03 PM on 5/2/2026.

C Buyer on the invoice

Frame the **Customer & dates** card: dropdown, **New customer (quick)**, invoice date / optional due date, notes, red **Save draft**. This answers “how we know who owes us.”

Figure C — Customer + Save draft

File: docs/manual_screenshots/marketing-pos-c-customer-block.png

The screenshot shows a web browser window with the URL `localhost/autowagen-master/invoice_edit.php?id=20`. The browser's address bar and tabs are visible at the top. The main content area is a form for editing an invoice. At the top, there's a dropdown menu for customer selection, a date field showing `05/02/2026`, and a link for `New customer (quick)`. Below this is a text area for notes and a red button labeled `Save draft`. The form is divided into sections: `Lines` (with a total of `R 0.00 incl. VAT`), `Add part` (with a search bar), and `Manual line` (with a description field and a price field). At the bottom, there's a green button labeled `Finalize invoice`. The browser's taskbar is visible at the very bottom, showing various application icons and the system clock.

Description	Qty	Ex VAT	VAT	Total
No lines yet.				

Description	Price ex VAT

D New customer doesn't exist yet — Quick add screen

After clicking **New customer (quick)**, capture the minimalist form (customer_quick_add.php): type, name, phone, billing address · note the line that promises full docs later under **Master data** → **Customers**.

Figure D — Quick add customer

File: docs/manual_screenshots/marketing-pos-d-quick-add-customer.png

The screenshot shows a web browser window displaying the 'Quick add customer' form. The browser's address bar shows the URL: `localhost/autowagen-master/customer_quick_add.php?return_invoice=20`. The form is titled 'Quick add customer' and includes a sub-header: 'Returns to draft invoice #20 with this buyer selected.' Below this, a note states: 'For full details, compliance scans (SHGA), and edits later use [Master data -> Customers](#).' The form contains several input fields: 'Type' (a dropdown menu with 'Individual' selected), 'Name *' (a text field), 'Phone' (a text field), 'Email' (a text field), 'Billing address' (a text field), and 'Notes' (a text area). There are two radio buttons: 'Account customer' (selected) and 'Account customer' (unselected). Below the radio buttons, a note says: 'If you set a due date on the invoice, finalizing requires this flag on the customer record.' There is a 'Credit limit (ZAR, optional)' field with a placeholder value of 'e.g. 50000'. At the bottom of the form, there are two buttons: 'Save & return to invoice' (highlighted in red) and 'Back to invoice'. The browser's taskbar at the bottom shows various application icons and the system clock indicating 6:04 PM on 5/2/2026.

E Customers list — picking or fixing the buyer record

Opened from draft invoice (**Open customers**) or Master data · shows compliance at a glance (Docs 2/2) · blue **Back to invoice** bar returns to the POS draft.

Figure E — Customers with “Back to invoice” (invoice workflow)

File: docs/manual_screenshots/marketing-pos-e-customer-selected.png

The screenshot displays the AUTOWAGEN web application interface. At the top, a navigation bar includes the AUTOWAGEN logo and links to Dashboard, EPC, Master data, Inventory, Reports, and POS. A user profile for 'hassan nizamie' is shown in the top right. Below the navigation bar, a blue banner contains the text 'Draft invoice workflow: capture SHGA below, then return to POS.' and a 'Back to invoice' button. The main section is titled 'Customers' and shows '10 results'. A search bar and filters for 'All types' and 'Any docs' are present. The table below lists customer records with the following columns: Type, Name, Contact, Phone, SA ID / CIPC, Compliance, Account, Status, and Actions. The table contains 8 rows of data, including customers like 'abc', 'faleza', 'John smith', and 'x1'. The 'Compliance' column shows 'Docs 0/2' or 'Docs 2/2'. The 'Status' column shows 'Active'. The 'Actions' column contains edit and delete icons. A '+ Add customer' button is located in the top right of the table area. The bottom of the screen shows a Windows taskbar with various application icons and a system clock indicating 6:04 PM on 5/2/2026.

Type	Name	Contact	Phone	SA ID / CIPC	Compliance	Account	Status	Actions	
Individual	abc	Statement			Docs 0/2	—	Active	[Edit] [Delete]	
Individual	faleza	Statement	HASSAN NIZAMIE	907654	8501015800090	Docs 2/2	—	Active	[Edit] [Delete]

Individual	xx3	Statement			Docs 2/2	—	Active	[Edit] [Delete]	
Individual	y1	Statement			Docs 0/2	—	Active	[Edit] [Delete]	

F Ready to attach spares

Capture the card with **Select item...**, numeric **Part ID** / qty / optional price · maybe **Add manual line** header edge. Highlights two ways merchandise enters the invoice.

Figure F — Add part tools

File: docs/manual_screenshots/marketing-pos-f-add-part-card.png

The screenshot displays a web browser window with the URL `localhost/autowagen-master/invoice_edit.php?id=20`. The interface is for editing an invoice. At the top, there's a 'Save draft' button. Below it, a 'Lines' section shows a table with columns: Description, Qty, Ex VAT, VAT, and Total. The current total is 'R 0.00 incl. VAT'. Below the table, there are two main input areas: 'Add part (search by name / SKU / vehicle)' and 'Manual line (labour, fee, etc.)'. The 'Add part' area has a search bar labeled 'Select item...'. The 'Manual line' area has a 'Description' field, a 'Qty' field with the value '1', a 'Price ex VAT' field with the value '0', and an 'Add manual line' button. At the bottom left, there is a 'Finalize invoice' button. The footer of the page indicates '© 2026 Autowagen Master - v1.0 - DEBUG'. The browser's taskbar at the bottom shows the system time as 6:03 PM on 5/2/2026.

Description	Qty	Ex VAT	VAT	Total
No lines yet.				

Add part (search by name / SKU / vehicle)

Manual line (labour, fee, etc.)

© 2026 Autowagen Master - v1.0 - DEBUG

G Choosing spares — search modal

Open **Select item...** with typed search plus at least two result rows. Shows clerks don't need paper SKU lists memorised.

Figure G — Modal search results

File: docs/manual_screenshots/marketing-pos-g-select-item-modal.png

H Choosing lines from full inventory (optional path)

From coloured links in **Select item...** staff land on parts list filtered by source · qty + **Add to invoice** posts rows to the draft · **Back to invoice** blue bar restores the POS screen · only **Available** lines get the red buttons.

Figure H — Parts list + Add to invoice (from invoice workflow)

File: docs/manual_screenshots/marketing-pos-h-lines-total.png

The screenshot shows a web application interface for 'AUTOWAGEN Master'. The top navigation bar includes links for Dashboard, EPC, Master data, Inventory, Reports, and POS. A user profile for 'hassan nizamie' is logged in. A blue notification bar at the top states: 'You came from an invoice. Use this button to go back (same as browser Back). Parts with status **Available** can be added straight to the draft using **Add to invoice** in the table.' A 'Back to invoice' button is on the right.

The main section is titled 'Parts inventory' with '2 results - source Replacement'. It features a search bar and filters for 'Replacement', 'All statuses', 'All vehicles', and 'Inactive'. Below is a table of parts:

SKU	Name	Source	TPP docs	From	Cond.	Status	Qty	Asking	Yard	Invoice	Web	Active	Actions	
REP-0001	Headlight	Replacement	—	HASSAN NIZAMIE	Good	Available	1	R 200.00	—	1	Add to invoice	Web	Active	[Edit] [Delete]
REP-0002	bonnet	Replacement	—	Purchase #2	Good	Available	1	R 2,000.00	bay 3	1	Add to invoice	Web	Active	[Edit] [Delete]

At the bottom, there is a copyright notice: '© 2026 Autowagen Master - v1.0 - DEBUG'.

I SA compliance uploads on the buyer (SHGA)

Edit customer captures ID copy & proof of address once per buyer · **Save** persists scans · **Back to invoice #...** returns to finalize when docs are ready.

Figure I — Edit customer · compliance docs (from POS)

File: docs/manual_screenshots/marketing-pos-i-shga-aside.png

The screenshot displays the AUTOWAGEN POS interface. A modal titled "Edit customer #9" is open, showing compliance documentation requirements. The background shows a "Customers" list with columns for Type, Name, and Statement. The modal contains the following sections:

- COMPLIANCE DOCS** (SA Second-Hand Goods Act — required at sale time for stripped/used parts)
These fields are optional on the customer record. Stage 5 POS will block any sale of a stripped or used part until the buyer's ID and proof of address are on file.
Note: Choosing a file only queues it — press **Save** at the bottom to upload. The "On file" badge appears after a successful save.
- SA ID number** (13 digits)
e.g. 8501015H00389
- SA ID copy** (Not uploaded)
Upload scan
Choose File No file chosen
- Proof of address** (Not uploaded)
Upload scan
☐ I have this document on file
Choose File No file chosen
- ☒ **Active** (visible in lists)

At the bottom of the modal are buttons for "Close", "Refresh list only", "← Back to invoice #20", and a red "Save" button.

J Lock it in — Finalize

Green **Finalize invoice** after customer + lines are correct · numbering + stock follow this click · same screen area also shows Notes / Lines / Manual line entry.

Figure J — Draft invoice with Finalize visible

File: docs/manual_screenshots/marketing-pos-j-finalize.png

The screenshot shows a web browser window with the URL `localhost/autowagen-master/invoice_edit.php?id=20`. The page contains a form for editing an invoice. At the top, there are fields for a dropdown menu, a date (05/02/2026), and a date format (mm/dd/yyyy). Below these is a link for "New customer (quick)" and a note that "Finalize requires an account customer if this date is set." A "Notes" section with a text area and a "Save draft" button is present. The "Lines" section shows a table with columns: Description, Qty, Ex VAT, VAT, and Total. The total is displayed as "R 0.00 incl. VAT". Below the table are two sections: "Add part (search by name / SKU / vehicle)" with a search input, and "Manual line (labour, fee, etc.)" with a description input, a quantity input (1), a price ex VAT input (0), and an "Add manual line" button. At the bottom of the form is a green "Finalize invoice" button. The browser's taskbar at the bottom shows the time as 6:05 PM on 5/2/2026.

— select — 05/02/2026 mm/dd/yyyy

[New customer \(quick\)](#) — full record & SHGA scans: Master data → Customers.

Finalize requires an account customer if this date is set.

Notes

K Printed face — Invoice / letterhead preview

Shown: **Draft** headline + black bar contact strip + POS instructions — reuse structure for marketing; swap this PNG for any **INV-YYYY-NNNNN** final screenshot when available.

Figure K — Branded header + draft banner (upgrade to finalized INV-... later)

File: docs/manual_screenshots/marketing-pos-k-final-inv-print-zone.png

The screenshot displays the AUTOWAGEN POS interface in a web browser. The browser's address bar shows the URL `localhost/autowagen-master/invoice_edit.php?id=20`. The page features a dark header with the AUTOWAGEN logo and navigation links: Dashboard, EPC, Master data, Inventory, Reports, and POS. A user profile for 'hassan nizamie' is visible in the top right. The main content area is titled 'Draft invoice #20' with a subtitle 'Draft - 2026-05-02'. Below this, a message states 'Add lines, pick customer, then Finalize. Parts must be Available.' and a button for 'All invoices' is present. The 'Customer & dates' section contains a 'Customer' dropdown (set to '— select —'), an 'Invoice date' field (05/02/2026), and a 'Due date (on account)' field (mm/dd/yyyy). A link for 'New customer (quick)' is provided. A 'Notes' text area and a 'Save draft' button are at the bottom left. On the right, a yellow 'SHGA' box contains a warning: 'If any line is stripped or not new condition, the customer must have ID doc + proof of address on file.' with an 'Open customers' button. The Windows taskbar at the bottom shows the date and time as 6:03 PM on 5/2/2026.

L Delivering PDF to the customer

Placeholder reuse: Shows mid-invoice chrome (Finalize / lines). Replace file with Chrome Ctrl + P → Destination: **Save as PDF** dialog when exporting for email/WhatsApp hand-off.

Figure L — Swap for browser Print→PDF dialog (recommended)

File: docs/manual_screenshots/marketing-pos-l-print-to-pdf.png

Optional deeper technical manual: docs/invoice_screen_full_guide.html (alternate zone letters S,P,... for power users).

Collateral checklist: (1) take Figures A–L on staging or sanitized data · (2) annotate with arrows A–L in your favourite slide tool if needed · (3) export merged PDF brochure or keep this HTML as living source.

Autowagen Master · SHGA mentions align with SA Second-Hand Goods record-keeping habits for yard parts — not legal advice.
